All matters and questions not covered by these regulations are subject to the sole and absolute discretion of the ATA.

ELIGIBILITY FOR PARTICIPATION

The ATA determines the eligibility of all companies and/or products intended for exhibition at the ATA Show. Until an Exhibitor's application has been approved by the ATA, no rights to exhibit are granted. The ATA may prohibit installation or request removal of any exhibit or promotion, wholly or in part, that does not fit with the ATA Show's character and purpose, or in the event of the existence of any dispute that arises regarding the exhibit or promotion that the ATA otherwise is unable to resolve to the satisfaction of the parties.

All members' standing will be determined by the ATA in accordance with its bylaws and operating procedures and will include members' obligations for advertising, promotion and/or sponsorship in any Show related electronic or print publication(s).

ASSIGNMENT OF BOOTH SPACE

A ranking system is used to determine the order of booth selection. Refer to the following chart to determine your approved booth height.

The backside of any walls (back and sides) - the common border facing the neighboring booths - must be devoid of copy, logos, graphics, or any other materials or images that could infringe on the booth presentation of neighboring Exhibitors. No sign or booth materials may protrude into the aisles or encroach upon neighboring booths. Nothing can extend beyond the boundaries of the booth space purchased by each Exhibitor. No obstruction

may be placed in any aisles, passageways, lobby, or exits, or in any areas leading to any fire extinguishing appliances. No activities may be conducted in the aisles, including games, contests, or giveaways. Nothing may be posted, tacked, nailed, screwed, stuck, or attached to any columns, walls, floor, or other parts of the Convention Center. If an Exhibitor wishes to attach something to any Convention Center structure, wall, or other property, please contact Beth Berkheimer, ATA Trade Show Director, BethBerkheimer@ArcheryTrade.org. Any damage or defacement caused by infractions of this rule will be remedied at the expense of the rule-breaking Exhibitor.

The height restriction is the same as that which applies to the appropriate exhibit space configuration being used. Fire and safety regulations strictly govern the use of Towers. A building permit or safety lines may be required.

In no case will any sound amplification equipment not provided by the Official AV Service Provider be permitted to be used on the Show exhibit floor. The noise level cannot disrupt the activities of neighboring Exhibitors. Speakers and other sound devices should be positioned to direct sound into the booth rather than into the aisle. Under no circumstances will Exhibitors be allowed to broadcast continuous voice amplification devices during Show hours. Neighboring booths that are using sound equipment are expected to stagger their presentations so as not to conflict with each other. Exhibitors whose noise levels become disruptive to their neighbors will receive a warning and upon failure to conform to this regulation will face either prohibition of the offending activity or cancellation of their exhibit space contract, without penalty. The Official AV Service Provider and the ATA will work with individual companies to ensure compliance. In some cases, the ATA may require a sound engineer to operate this equipment.
